Student Technology Showcase

As part of the Computer Using Educators (CUE) Conference, students in grades 4-12 will present exemplary curriculum-integrated technology projects that were identified through a regional selection process. These projects may include, but are not limited to, Internet, video, animation, probeware, GIS/GPS, or robotics.

The Student Technology Showcase is an excellent staff development opportunity to see effective, meaningful integration of technology in the curriculum and to learn implementation strategies from the project creators. Showcase attendance is recommended for students, parents, educators, administrators, community advocates, members of the Legislature, and high-tech and private-sector companies.

There is **no admission charge** to attend the Student Technology Showcase!

Opening Ceremony 10:00 a.m. - 10:30 a.m.
Presentations 10:30 a.m. - 12:15 p.m.
Presentations 12:45 p.m. - 2:30 p.m.

Student Presentations

To submit a student presentation proposal, please contact your local California Technology Assistance Project (CTAP) office. For CTAP contact information please visit: <http://ctap.k12.ca.us>
